DEDICATED TO

To few men is given the ability to make others see whatever goodness that exists in the hearts of men. These are the men to whom we look with hope for the future, and pray we will never forget their Christian example. These are the men to whom we look for teachers.

Seldom is one privileged to meet a man who so nearly meets the qualifications of a teacher, whose personality is so completely free of selfishness, and whose life is as completely as humanly possible dedicated to making history alive, interesting, and helpful to students. It is with these thoughts in mind we dedicate this volume to Dr. William Pratt Dale II, a teacher, whose cheerful smile and sympathetic manner have won him a place in the heart of all who know him.

MAJOR DAVIS

As a ship would be lost without her captain, so Howard would be without its efficient and capable president, Major Harwell G. Davis.

Affectionately known as "the Major," he has safely guided Howard through the war years and has steered her skillfully in the reconversion to peace time education.

He has endeared himself to students not only because of his business ability but also because of his friendly attitude toward the students. Always ready with a helping hand or a friendly word of encouragement he can be counted upon as a real friend and advisor.

His love for Howard and his desire for her improvement are revealed in his tireless efforts to advance Howard in the field of learning.

Because of his friendly cooperation to every individual associated with Howard, we feel we can go to him for advice and be perfectly welcome. It is in this attitude of friendliness and helpfulness that we find the true spirit of Howard.

DEAN BURNS

In years when our college life is over, one person will remain indelibly stamped upon the tablet of our memory. Probably the best loved person at Howard, Dean Burns typifies Howard College through his sympathetic understanding and keen insight into perplexing problems.

His office, always a busy place, is open for anyone who should need advice either of an academic or personal nature.

A scholar in every sense of the word, he is constantly working to advance and improve Howard as a center of knowledge. His deep and reverent love for our Alma Mater inspires each of us. His ability to keep things running smoothly in spite of crowded conditions has impressed us all, more than once proving that he is efficient, thoughtful and just.

We are grateful to him for many kindnesses; we are deeply indebted to him for the privilege of associating with him throughout our college life.

DEAN OBENCHAIN

To become a charming, gracious, intelligent person might be the dream of any college girl. At Howard we are fortunate in having our ideal personified in our Dean of Women, Mrs. I. R. Obenchain. Many have found her warm personality helpful in solving difficult problems, academic and otherwise.

Although Dean of Women, Mrs. Obenchain acts as a friend and counselor to the men also, being popular with all persons on the campus.

Never too busy to discuss matters with "her girls," she also acts as faculty advisor for the Women's Pan-Hellenic Council in which she takes a lively interest.

Not only outstanding on the campus Dean "Obie" is prominent in civic and educational circles.

Her frank, open-minded, sympathetic, and understanding nature all add up to make our dream come true. Her enthusiastic interest deeply inspires us and makes each of us a better person for sharing her friendship.

DEAN DALE

A friendly smile, a cheery greeting, or word of encouragement may well typify Howard's Dean of Men, William Dale. Under his guidance many problems and tangles are skillfully smoothed out. As advisor, confidant and friend Dean Dale is of the highest quality. Famous on the campus for his wit as well as for his understanding, he always welcomes problems brought to him by the students.

Someone has said that no student should be graduated until he has taken a course from Dean Dale. If that person will take notice at any registration, he will see that students will never be compelled to attend Dean Dale's classes. The object is to try to get in his classes, always packed and known for their spirited discussions.

As a link between students and administration he is invaluable because of his sincere friendliness and interest in every individual who seeks his advice or guidance.

LENT S. BREWSTER

As assistant to the President, Lent S. Brewster is invaluable to Howard College. He is perhaps one of the busiest people on the campus in his efforts to successfully keep the college on a sound financial basis.

Though known to the students as "Mr. Moneybags," he has done a remarkable job in steering the school in all matters of finances as a result of his keen foresightedness.

Cooperative, understanding and friendly he is always willing to answer any questions or help solve any problems brought to him by the students. It is to his splendid work and his outstanding ability we pay homage and our admirations of his success is boundless.

MRS. KIRKLAND

Of all the persons in the Administration, Mrs. Helen Sharbutt Kirkland is the one we see first, last, and most often. Although Mrs. Kirkland pretends to like "scaring the wits out of" her freshmen and giving her problem children a "bad time", we know she's only bluffing. We who have sought her aid have found her to be most understanding and sympathetic. With all the "streamlined schedules" mix-ups—such as none other than a Howard student could get himself into—Mrs. Kirkland, with her gift of genius, somehow finds time to set every one of us aright and at the same time keep the Registrar's office and force running smoothly and efficiently.

So, as we hand out "orchids" to a lady who handles a man-sized job, and does it well, our hearts chime in with our ever grateful chorus—"We'd have been lost without you".

ALMA MATER

Oh, Howard, Alma Mater true,
I love thy glorious name, deserving every honor due
To an unsullied fame.
I'll love thee through each fleeting breath
For all that thou has done,
And in the agonies of death
Be still thy loving son.

Oh, Alma Mater, dear, thy life
A treasure is to me:
Thou, Phoenix fair, through flames and strife,
Hast shown thy right to be.
Since poverty has made thee rich
And struggle made thee strong,
I view thee in thy self-made niche,
And burst to filial song.

Oh, parent true, the future fair
Must hold but good for thee,
For hope's fruition waits thee there
In blest reality.
And sons like thine will make thee shine
With glory all thine own,
And bring to thy maternal shrine
Not gifts of gold alone.

The Student Government is composed of the four student body officers and the Student Senate.

Frank Donaldson as student government president has presided at the meetings of the student assembly and has served as chairman of the Student Senate.

James Hall, vice-president of student government has not only attended to his duties of assisting the student body president but was called on to fill the office of president when Frank graduated.

Nell Rae Sample, secretary, has kept accurate

accounts of all proceedings at the meetings of the Student Assembly and Student Senate.

Elizabeth Alverson, treasurer, has performed her duties of keeping an accurate account of student activity funds.

These four well-known personalities are mainly responsible for the smooth way our student government has run this year. Competition was stiff for these four offices and we are mighty proud of the way the elected ones have served. Their work challenges future Student Governments and should serve as a good pattern for officers to follow.

WOMEN'S STUDENT GOVERNMENT

OFFICERS

MARJORIE PERKINSON *President*
MARIE RAIFORD *Vice-President*
ANNIE LOIS HOLMES *Secretary*

Mrs. I. R. Obenchain, Dean of Women, sponsors this organization which is composed of the presidents of all other women's organizations on the campus. This organization does have one primary characteristic which differentiates it, and that is that its functions are social—not political.

Women's Student Government seeks to co-ordinate all the different women's groups in fostering social programs of a cultural nature. The organization has done outstanding work in sponsoring chapel programs, social activities, and in recognizing co-eds who have rendered outstanding service. One of the most prominent functions of this

group is to give assistance to women students during Freshman orientation.

A council composed of the presidents of the various women's organizations controls the policy of this organization.

We believe that this organization has sighted a large field of opportunity and we appreciate, as do the other women students, the measures that have been taken this year by Mrs. Obenchain; Marjorie Perkinson, President; Marie Raiford, Vice-President; and the council in paving the way for next year's Women's Student Government.

STUDENT SENATE

The Student Senate, leader and coordinator of student activities, is the highest student government group at Howard College. The Senate is composed of ten senators; four senators representing the Senior Class, three senators from the Junior Class, two senators selected by the Sophomore Class and one senator from the Freshman Class. These Senators are elected by popular vote by their respective classes in the spring quarter.

Presiding over this panel is the president of the Student Body and as senators-at-large are the student body officers.

The Senate has completed one year of financial success by appropriating funds from the Student Activity fees to the best advantage. Besides rightly planning finances, the Senate appointed heads of the school publications and their Business Managers. Also the Senate prides itself in the All-Campus Watermelon Cutting held at Willow Wood and a Spectacular H-Day celebration.

The past Senate has truly marked Howard as a center of a campus flooded with democratic principles, an ideal we are honored to know our school possesses.

THE 1947

"You don't have to be crazy to edit a yearbook, but it helps." This statement is not original but definitely true.

We hope that you will always feel proud of this thirty-third issue of the *Entre Nous*. The staff has worked hard to portray student life here at Howard in its first completely "post-war" issue. Few students realize the tremendous amount of work that goes into a publication, but it has been fun along with many headaches, long hours, and even to the giving-up point a few times. The war may be over, but certain materials and labor shortages are still with us. We had hoped to have this book in your hands by summer but through no fault of our own was this issue delayed.

We wanted you, as you thumb through this book in years to come (I hope), to feel that you are carried back to this year at Howard. Our pictures were made and the book compiled with that in mind. This has been an eventful year with the largest student body Howard has ever had. The increase in students, however, only seemed to magnify the friendly spirit that we of Howard boast.

Maybe we haven't left impressions of everything that impressed you, but here is our result. Maybe we have caught the most important things.

CRIMSON

During the school year 1946-1947 usually at twelve o'clock noon the "Crimson" made its appearance. Sometimes the publication was delayed until late afternoon. This happened frequently when we found the "Crimson" to consist of six pages instead of the usual four.

The newspaper each week represented many hours of work by Editor Helen Harrell and her assistants. Working the major portion of the year under the double handicap of having no faculty advisor or instructor in Journalism, the twice weekly staff meetings determined the final make-up of the "Crimson."

Helen and her business manager, you may be surprised to know, invariably spent each Saturday at the printing company putting the paper to bed and thinking of ways to cut expenses as the supply of money available was always inadequate.

Assistant Editor Boyce Albright's "Strickly

Speaking", a front page feature, was one of the most widely read columns each week. Social, religious, and sport events vied for headlines. It was not unusual for a dance to have Number One spot one week, then turns about, we found a religious event or Howard's victory over Southern in a featured spot. We found the Crimson personnel always in favor of publishing pictures and this we liked.

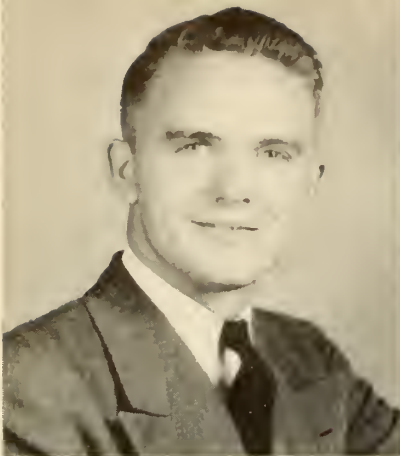

Congratulations, Helen, for giving us the news while it was news and to James Wade and L. T. Robertson, Business Managers for 1946 and 1947 respectively.

The Student Constitution states that the Editor of the Crimson will be elected each May by popular election. This job is often one of the most sought after on the campus and incidentally, it and the business manager, are among the best paying.

THE BULL PUP

The Bull Pup is a pocket sized edition of every thing a student should know about what goes on on Howard's campus. The primary aim of this publication is to let the Freshmen in "on the know," giving them both information and advice. The distribution in the fall, however, was welcomed by Freshmen and Upperclassmen alike. No matter how much a student thinks he knows, he can always learn a little more each year from his Bull Pup.

In this year's Bull Pup one could find words to Howard's Alma Mater, hints to freshmen, library rules, and dormitory rules. Pictures of the college officials, stu-

dent and class officers and publications editors are also included. A short article about each organization on the campus, including the Greeks, is an outstanding feature. A copy of the revised Constitution of the Student Government was also a part of this year's Bull Pup. A great deal of praise is to be given to Hoyote Barren for his unusual division pages.

During the war the publication of this book was discontinued due to the usual shortages. Much credit is due John Posey and his staff for doing such a splendid job in editing this year's book and reinstating another Howard Publication.

Founded for the purpose of determining the policies of the Greek-letter societies, the Inter-Fraternity Council has become a vital force to the four fraternities on the campus. Handling matters of common interest, it has done much to promote peace among these groups. Membership of the organization is composed of two representatives from each "frat."

Especially notable this year among its activities were the two dances sponsored by the Council, one of which was given in cooperation with the sororities. Not to be left unmentioned is the Inter-Fraternity Fun Night in which the fraternities vie for honors and which acts as a climax to a year of keen competition in intramural sports events.

The Pan-Hellenic Council, composed of two representatives from each of the four sororities, is recognized on the campus as an organization typifying the famous "Howard College Spirit." The primary purposes of the group are to coordinate sorority activities, regulate rush rules, set up standards of conduct for the sorority girls and set up regulations regarding the houses.

Differences are brought to the informal meetings and ironed out through

group discussions in which each sorority has a voice.

Officers rotate periodically between the represented groups; and as a result of such splendid cooperation Pan-Hellenic has gone far and in the future will continue to prove effective as a unifying factor on the campus.

Mrs. I. R. Obenchain, Dean of Women and faculty advisor for the group, deserves much credit for her energetic cooperation and untiring efforts to unify "her girls."

Alpha Delta Pi, oldest of all women's social organizations, was founded May 15, 1851 at Wesleyan College, Macon, Georgia.

The first group took as their name the Adelphean Society and chose blue and white as their colors.

Our own Kappa Chapter was established at Judson College in 1910 and moved to Howard in 1919.

Throughout the past year the girls at Kappa have been striving to live up to the motto set forth by the original founders, "We live for one another," keeping in mind the purpose of their sorority "to better themselves morally, mentally, and socially."

Alpha Delta Pi Sorority is proud of her sisterhood for prominent women who have emerged from within her portals since 1851 and with the new initiates and pledges, Kappa Chapter is well assured that the coming year will continue with the established standards.

Wearers of the diamond may be found in such

organizations as: Alpha Epsilon Delta, Tile and Mortar, Spatula, Pan-Hellenic, Mu Alpha Chi, Pi Gamma Mu, Masquers, Wesley Foundation, Jr. A.A.U.W., Entre Nous Staff, Beauty Section, Crimson Staff, Choir, representatives in H-Day Court, and the Sweethearts of Pi Kappa Phi and Sigma Nu.

The social whirl of the Alpha Delta Pi year consisted of the birthday party at Roebuck celebrating its 96th birthday, the wedding signifying the marriage of Ruth Rushee and Alpha Delta Pi Active, the Ranch Party, Swiss Tea and the Round-the-World Party.

Perhaps the greatest highlight was the complete remodeling of the lodge. Complete redecoration on the interior of the house has certainly made it attractive.

Thus, Kappa Chapter, with her brains and beauty has been one of Howard's most leading organizations. From the above listed participations, you can easily understand how this statement can be made.

Hi there! Here we are again—just a bunch of college co-eds joined together in the grand organization of Beta Sigma Omicron. This year as always we've been busy with studies and those ever important extra-curricular activities. And though we are a sorority, there are quite a few fraternity pins around. Isn't that odd!

We've had our lodge redecorated this year and through all the paint and disorder, we managed to keep smiling. The lodge became a south sea island for one of our parties and later our Nursery Rhyme Party brought to life all the old favorites. A series of parties were given honoring each fraternity at Howard and as warm weather arrived, we rode off for a houseparty, and oh what fun.

Pi Kappa Alpha Fraternity looked the campus over and then dedicated Dream Girl of PiKA to Geraldine Arledge Watson. We are especially

proud of Nell Rae Sample for being elected Secretary of the Student Body, and did those Beta Sigs look good in the Entre Nous Beauty Parade.

Volley ball entered our activities and we set out to keep the volley ball cup again this year and that we did. Our game vs the women's faculty team was really a treat for they were such wonderful sports. Basketball and softball were fun, too, but, uh, we weren't too victorious.

The noise that shook Howard this spring was our cheers for joy when Martha Ann Ingram was crowned Queen of H-Day, having been elected by popular vote.

Yes, we've managed to keep busy. As for our studies, Gaye Byars was tapped for Hypatia and the rest of us—well, we are still in school and wishing all of you many pleasant days at Howard.

The girls of Alpha Pi Chapter of Delta Zeta are more than average college coeds. They combine a good time with the more serious side of school as shown by their wide scope of activities. Sorority members are found in almost all of the campus organization: Masquers, Student Senate, Hypatia, Kappa Delta Pi, Cheerleader Squad, editor of the Crimson, Pan-Hellenic, Y.W.A. and B.S.U., Dietetics, Who's Who Among Students in American Universities and Colleges, several H-Day representatives, and first place winner in the Entre Nous Beauty Parade.

The Delta Zetas really like to be together and they are noted for their entertainment, as shown by the banquet and dance, slumber parties, the

Dogpatch jamboree, progressive dinners, several hikes and picnics, the pledge-planned skating party and street dance, and numerous rush parties.

Besides participating in campus activities and having a good time at parties and socials, the Delta Zetas are interested in each other. There is a spirit of devotion and loyalty among these sisters seldom found in a sorority group. As each girl learns to cooperate with the other members, she also has the opportunity to develop her individual character, encouraged and helped by her sisters. As she prepares herself for the future, whether it be for a career or for homemaking, the Delta Zeta girl who wears the golden lamp tries to exemplify the true ideal of a college coed.

"There's A Reason Why" Alpha Gamma Chapter of Phi Mu so consistently shows up well when campus honors are being reckoned. The reason lies in the individuality of the girls tempered by the band of love and loyalty to "The Faithful Sisters."

Benna Jean Jones, Florence Kirby, and Billye Walker were chosen Sweethearts of Lambda Chi Alpha, Sigma Nu, and Pi Kappa Alpha respectively. Phi Mu had four semi-finalists in the beauty parade, runner-up for "Miss H-Day" and two other members of the Court. Joyce Baker and Jimsy Murphree were in the cast of "You Can't Take It With You;" Jean Penuel and Jimsy had the leads in "Engaged." Elizabeth Gwin represented Howard in the "Maid of Cotton" contest in Memphis.

Helen Davidson and Jimsy Murphree were tapped for Hypatia, and Phi Mus serve as treasurer of the student body, president of the dormitory

council, secretary of the B.S.U. Council, and president of the Wesley Foundation. Offices are also held in Masquers, Alpha Epsilon Delta, Mu Alpha Chi and the Spatula Club, with members in Kappa Pi, Tile and Mortar, Choir, Chi Alpha Sigma, Dietetics Club, and the Entre Nous Staff.

Phi Mus was outstanding in athletics again this year, winning the basketball and softball trophies and placing second in the volleyball tournament.

Highlights on the Phi Mus social calendar were the Valentine Tea, buffet suppers, open house, and the Rose and White Ball in April.

Historically, Phi Mu was formed from a local society called the Philomathean which was organized at Wesleyan College, Macon, Georgia, March 4, 1852, by Mary Dupont Lines, Mary Myrick Daniels, and Martha Hardaway Redding. On June 24, 1904, the name was changed to Phi Mu and a policy of expansion adapted.

Lambda Chi Alpha has grown this year—both in membership and stature.

The Lambs proved themselves good sports by winning the inter-fraternity softball championship, summer quarter, and the inter-fraternity football championship, fall quarter. There are three men on the college basketball team and Ike Davis serves as president of the Intramural Council.

Frank Donaldson, president of the student body, is assisted by three brothers, newly elected presidents of the Sophomore, Junior, and Senior classes.

Regular consecration services have been held with outstanding speakers. The object of consecration services being a rededication to fraternity ideals.

The TAZ, bi-yearly publication, made its appearance and was well received.

"More fellowship" seemed to be the social motto this year. The proverbial "Lawrence Fellowship Award" became an actuality when Ferrell himself presented the award at the annual "Dream Girl Banquet", held this year for Benna Jean Jones, Phi Mu.

Lambs took great pride in entertaining all Sororities at Friday luncheons. According to the gals this "eating" idea was a bright spot on the social calendar.

The fraternity realizes that there is much fault to be found with it, as with any such organization, but hopes to overshadow it with achievement and earn a position of recognition on the campus.

Pi Kappa Alpha has been one of the leading fraternities on Howard's campus since 1911. During the past year it was represented in such organizations as Trident, Tile and Mortar, Mu Alpha Chi, and Alpha Phi Omega.

Politically Pi KA ranked well during the past year. Boyce Albright was elected Editor of the *Crimson* for next year.

Sportively Pi Kappa Alpha won the intermural basketball championship, and later won the Bir-

mingham College championship by defeating the Birmingham-Southern intermural champions. In the spring the Pikes won the fraternity soft ball championship.

Among the social events of the year was a week-end houseparty at Double Oak Mountain Park. Also high on the list was the Homecoming dinner and dance held at Highland Park Country Club. Highlight of that affair was the pinning of Gerry Arledge as the Dream Girl.

The Pi Kappa Phis at Howard really had a big deal this past year playing host to the national convention. Pi Kaps from all over the country flocked to Birmingham, and the girls from Howard turned out to show off their southern hospitality. The last week of August was filled with dances, banquets and parties. During the next fall the girls on the campus were sporting silver dagger pins with our frat crests and were writing letters to our brothers from Washington State to Florida.

The war wiped out the Alpha Zeta Chapter, but after the Navy came to Howard, it sprang back to life. When the war ended, a few old members trickled home. As a result of the great deal of hard work these old timers put out, the chapter gradually gained in strength. Our Sweethearts, Marilyn Jo Prince and then Frances Barksdale, were of immeasurable help to us in their untiring

effort to build up the fraternity.

For many, Pi Kappa Phi has been an integral part of Howard life. We were founded on the ideals of the Old South; and although we have spread throughout the entire country, we have endeavored to maintain the fine points of southern tradition. Our background and endeavors are congruous to those of Howard College itself, in fact parallel and amplify those of the school. Neither could have been quite the same without the other.

Fraternities serve a far greater purpose than being simply a social organization. They are intended primarily to foster intra-campus cooperation and to broaden the perspective of all the students, to generate interest in all manner of activities. If the Star and Lamp of Pi Kappa Phi has meant much to Howard in the past, it shall mean even more in the future as it grows and increases with the colleges.

Sigma Nu at Howard had its beginning when Iota Chapter was founded in 1879.

By proper function the fraternity supplements the work of the college classrooms by stimulating intellectual interests; by enabling a social development whereby a man understands his fellowmen; and by helping to develop sound character.

The Declaration of Principles of Sigma Nu cherishes the right of fellowship among selected groups of college men, but stands for that type of fellowship which is sound, wholesome and manly. The fellowship cherished is held to rest upon con-

fessed doctrine of belief which honors love, truth, honor, learning and democracy. For democracy, the Fraternity declares the whole thought of our founders was for a broad, sympathetic, and generous judgment of our fellowmen.

"Only the consciousness of a purpose that is mightier than any man and worthy of all men can fortify, inspire, and compose the souls of men." For Sigma Nu there is the cross of the Legion of Honor, the White Star of Sigma Nu, and what it symbolizes.

Mrs. J. D. HAMRICK

H A M M I E

Students may travel the world from college to college and university to university but to find a person as capable and well-suited for the position of "House-Mother" to a group of college girls—no where would they find a more loveable person than Mrs. J. D. Hamrick. "Hammie," as she is known to all the Renfroe and Inflation girls, is far more to us than just a House-Mother.

With her guidance and helpful ideas "Hammie" offers not only to Howard's dormitory girls but to the girls who have gone all over the world a challenge to be girls the world would be proud to call their own. She challenges them so by de-

siring girls to possess high morals, girls to be ardent Christians, girls that do the right things in life because they believe in high principles—and above all, Hammie never forgets or wants others to forget that it is the *little things in life that count*.

We who know Hammie will never forget the friendship and inspiration she offers to all that are willing to accept.

Perhaps an occasional controversy presents itself, but with her keen perseverance, Hammie always maintains close cooperation and a tie between the dormitory and the girl who will remain in the hearts of Howard's dormitory girls as a very important phase in their life.

JOHNNY LONG SELECTS THE BEAUTIES

JOHNNY LONG

We were extremely lucky in having Johnny Long select our beauties in person this year. Johnny's band was playing an engagement in Birmingham just at the time we needed him most. He graciously consented to come out between closely scheduled appearances to meet our beauties. Even though Johnny's stay on the campus was short, his personality was evidenced by the way he was received. There was nothing formal about his visit and he insisted on meeting every person present to welcome him.

All our beauties were present to meet Johnny Long and had the opportunity of talking with him. Mr. Long did not rush into his decisions but took quite some time, making them in the quietness of his dressing room. Just in case he needed a reminder about the qualifications of the beauties, the fifteen pictures in this book were constantly before him to serve as reminders. He said it was very difficult to arrive at decisions, but we think he knows his business about beauties.

SPORTS

OUR ATHLETIC

COACH C. E. McCARVER

It is to the credit of our institution that we have such a capable person as Dr. McCarver at the head of our physical education department. The P.E. department should have a bright future under the leadership of Dr. McCarver. The edification of the tennis courts and the splendid intramural programs have been due to Coach McCarver's efforts.

Dr. McCarver is a born athlete. He attended high school in Ballinger, Texas, and while there he lettered in football, basketball, track, baseball, and tennis. He captained the foot ball team his senior year.

In college, Coach McCarver devoted his time to football and track. He attended Howard-Payne, in Texas. He played halfback for ole Howard-Payne, and while playing four years, his team won the conference championship three times. Coach was noted All-Conference for three years. He also played in the North-South game in 1930. He

was elected to the captaincy of his team one year.

In track at Howard-Payne, Coach participated in the 100 yard dash, 220 yard dash, 220 high hurdles, and 120 high hurdles.

After graduating from Howard-Payne, he attended George Washington University, where he received his master's degree in Physical Education. From George Washington, Dr. McCarver attended the University of Texas, and, in 1942, he received his doctor's degree.

Coach McCarver returned to his alma mater, Howard-Payne, and coached basketball and track. His teams were extremely successful. His football teams won four championships and his track teams won every year.

Coach McCarver is very well liked. He has gained the respect of his students by demonstrating that he knows his field. This is his first year and he is only getting started. Howard's athletic program can depend on a big improvement.

DIRECTORS

COACH DONALD LANCE

As this was Coach Lance's (above) first year at Howard as basketball coach, he did a remarkable job. A coach has never faced a harder assignment than he did. He had only four boys who had previous experience in college ball. Lowry was handicapped all season by an injured knee. One of the things that hurt the "Bulldogs" most was the fact that the boys had never played together. Lack of teamwork, and inexperience were the main obstacles before Coach Lance at the beginning of the season. By displaying superior coaching ability, he was able to overcome the difficulties and transformed the Bulldogs into a unit that was determined to fight every minute of every game.

Coach played high school ball in El Paso, Texas. At El Paso, he made All-District, and he was voted the most valuable player. After graduating from

We take pleasure in introducing Miss Katherine Horton, (below) who for the past several years, has done a great job in leading the "females" on the campus through intramural sports and physical education periods. Since knowing her very well we can truthfully say that she is a very capable person and made this very difficult job look like an easy one. As Miss Horton bids adieu to old Howard we wish for her lots of good luck in her new "status". (if you get what I mean)

high school, he attended Texas College of Mines, where he played one year as a freshman and three years on the varsity. Coach made All-Conference for three years. During his junior year his team won the conference championship.

BALL

THE BULLDOGS

There isn't a sport any more exciting than a close basketball game, and this year's basketball team really gave us lots of excitement. There were times when our hearts were broken after a last minute defeat, and there were occasions when the fighting "Bulldogs" came from behind to edge out a last second victory.

The "Bulldogs" commenced the season by playing host to their arch-rivals, Birmingham-Southern. For the first three quarters it looked like a runaway for Southern. In the final period the "Bulldogs" found the range and tied the score at 35-all. With only a few second to play, Southern scored a field goal to win 37-35.

After the game with Southern, our boys lost three more games straight. The last defeat going to Jacksonville 41-39.

Coach Lance's "Bulldogs" met and conquered the highly favored Mississippi State Quintet 41-39 for their first victory in five games. This game featured the "Bulldogs" completely out-fighting the Mississippi boys to earn a well deserved victory.

We were out for revenge when our cagers met Southern on their court. The cheers for Howard were loud and strong. Our team turned in a superb job of shooting and ball handling to redeem their past loss and wallop their old enemies 45-35.

Then the basketball team took on Chattanooga, loosing in an overtime period 57-50. After Chattanooga, we won a smashing victory over Sewanee 48-31. Jacksonville had a hot night to beat our boys to the tune of 62-40. The "Bulldogs" came roaring back to romp over Fort Benning 45-36. Then they split games with Mercer, defeated Springhill, took Chattanooga in a return match, beat Fort Benning, and dropped one to the strong Loyola five 44-36.

Then came the thrilling rubber game between the Howard College "Bulldogs" and the Birmingham Southern "Panthers" to determine the city champs. The "Bulldogs" just simply had to bite the "Panthers"! The game was a closely-fought one, but we were crowned city champs by turning back our cross-town opponents 55-51.

The Howard-Mississippi Delta contest was the "Bulldogs" foremost game. The score was tied and untied so many times after the three minute whistle that it made the spectators dizzy. In earning the victory by 49-48, the "Bulldogs" displayed their best game of the year.

To terminate our basketball season we defeated Sewanee, lost a close one to Springhill and were defeated by Loyola. At the end of the season, the "Bulldogs" had eleven victories and ten defeats.

MEET

CAPTAIN AL DENHAM

"Captain Al" was the deadliest set shot artist on Howard's team. He was the high scorer with 242 points. Al commenced this year where he left off in 1942, as the star of the "Bulldogs". "Captain Al's" accurate shots will be long remembered, and he will go down in the laurels of Howard's basketball history as one of its foremost players.

"PAP" BALL

"Pappy" was the best defensive man on the team. He had an unusual ability of being wherever his man was. "Pap" was always fighting for the ball. Numerous times "Pap" was sent into the game with the score tied, and he cracked with a field goal that put Howard in the lead.

JOE DAUGHTERY

Joe was a very capable substitute. He played in most of the games and did a remarkable job. Joe's speciality is faking and is quite good at it, as Howard's opponents will readily admit, and has the speed to go with it.

DON DAVIS

What really makes a good team is a player that fights and scraps every minute of the game. Don Davis represents this type of player. Don used his 5' 11" to take rebounds from the opponents 6 footers. Don was rough, and a better than fair shot.

MILES DEAN

"Big Miles" was the most versatile player on the squad. He played equally well as guard, center, and forward. Big Miles was always a threat to the opposing team. He was Howard's main stay in getting the ball on rebounds.

JOHN KEY

John lettered in 1942 along with Al, and he was one of the players that Coach Lance built this year's team around. John was the coolest and most dependable player on the team. He could always be counted on to play his usual bang-up game.

THE PLAYERS

EMORY LOWERY

A knee injury was a life saver for Howard's opponents. Although handicapped all year, Lowery played a brilliant game. He was the team's tallest man, and he always made a big contribution to the team's score. Lowery was great in following shots and tipping the ball in the basket.

JAMES MERK

"Mickey" was the fastest man on the squad. A hustler from start to finish. Merk really made the starters fight to maintain their starting assignment.

GRANVILLE MYRICK

With this year's experience under his belt, Granville Myrick should give the "Bulldogs" some added strength next year. He displayed a fighting spirit throughout the season and was showing much improvement in the latter part of the season.

"RED" PARKS

"Red" came to Howard during mid-basketball season. His contributions are one of the reasons why the Bulldogs transformed into a winning club. "Red" is quick and he really looks at home on the basketball court.

FRANK WADSWORTH

Frank was the team's best ball handler. He was continuously stealing the ball from the opposing team. Frank was at his best in the upset victory over Delta State. He scored 17 points, besides playing a superb floor game. Delta State won't forget Frank, and neither will Howard.

HAROLD PATTON

It seems that Howard Basketeers could not have done without the services of Bill Patton as manager of the team. "Chip" gave way to some better cagers during the first of the season but came back to do a bang-up job as manager of our 1946-47 Bulldogs.

THE PLAYERS IN

1. One of the best set shot artist on this years' basketball team was Pap Ball. Pappy had a dead eye for the hoop and continually added points to the final score.

2. Although being one of the shortest men on the squad, Joe Daugherty made up for his lack of height by being quick, fast, and tricky. Joe was an exceptionally good passer as this action shot indicates.

3. Don Davis is a Pennsylvania boy, but to watch him

scrap on the ball court one would think that he is a full fledged Rebel. Don plays basketball as rough as good basketball players can play.

4. Miles Dean was a stalwart on the team. Miles used his 6' 2" as good as any coach could ask.

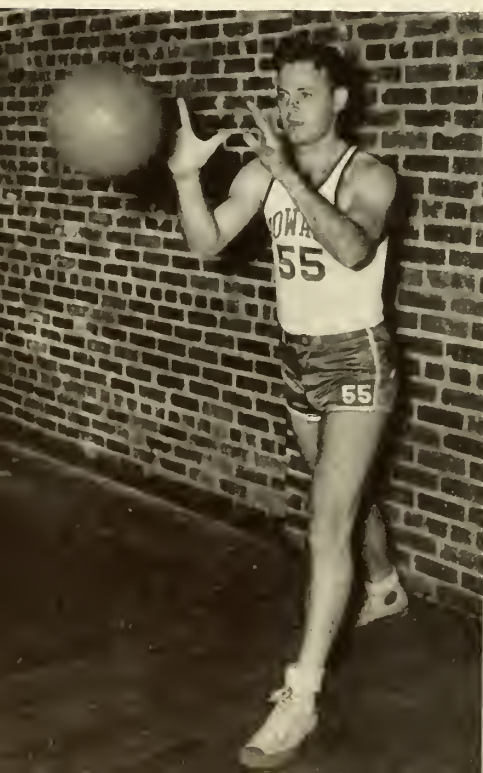

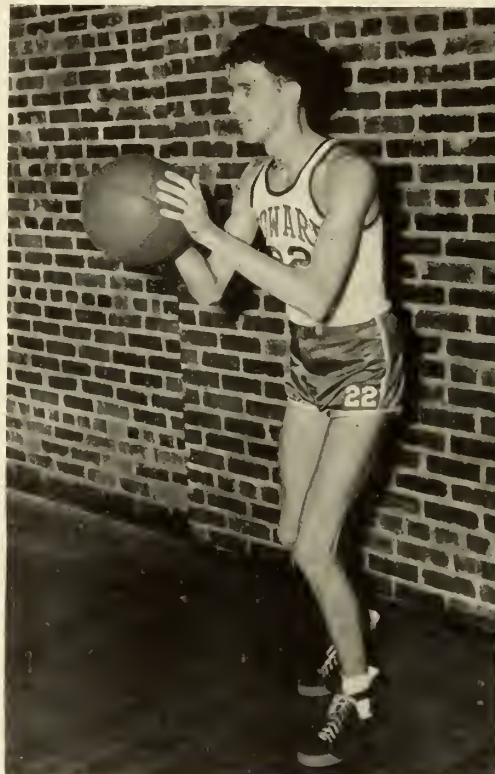

5. Howard College has to say good bye to one of the greatest basketball players in Howard's history. Al Denham demonstrated for three years that he deserves to be remem-

bered very highly in Howard's Hall of Fame. Truly Al was the key stone to our team.

6. John Key was one of the pre-war ball players. He was a member of the well known team that downed the World Champion New York Celtics. John was a forward and played top notch ball the entire year.

7. Emery Lowery was the only first stringer on the squad who didn't have high school experience. Emery let-

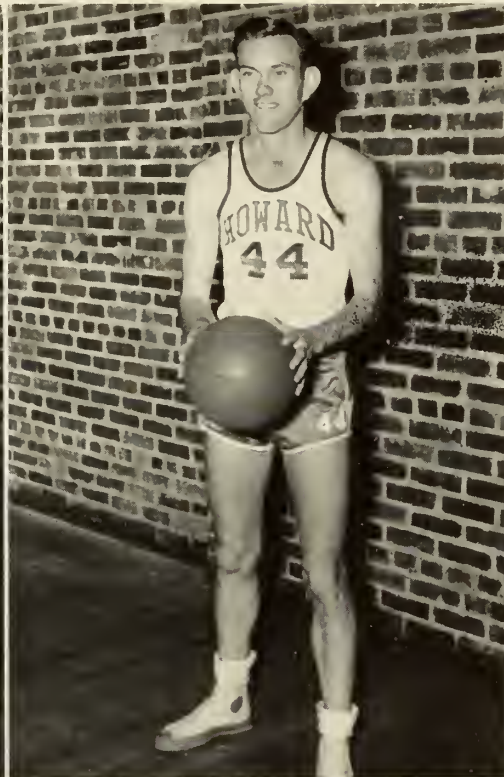

tered last year and he used last year's experience to average better than ten points per game.

8. James Merk was held in reserve the first part of the year. Before the season was over Mickey had earned a starting berth. Merk was a hustler and extremely fast.

9. Myrick was one who proved himself to be quite the boy on the basketball floor. In high school he was a member of the fast stepping Corner High Five and proved himself equally as valuable to old Howard.

10. Harold Parks was a flash. Harold could get his hands on the ball as much as it was possible for one as short as Red. Even though he came in the middle of the season he was soon playing first string ball.

11. Frank Wadsworth handled the basketball as if he had a baseball. Frank used his ball handling and his basketball sense to make him one of the key players in the lineup.

INTRAMURAL SOFTBALL

Led by the strong pitching arm of Johnson, superb fielding and timely hitting Mu Alpha Nu swept the softball crown by winning six victories while losing only one game. The stars of this championship team were Bowlin, Mize, and Beard.

Second place honors ended in a tie between the Pi K A's and the "H" Club. Both teams completed the season one game behind the champs. Their records were five wins against two setbacks. Stivender and "Red" Williams were the best on the well balanced Pike's team. On the "H" Club's team were found sluggers such as Wadsworth, Sisson, Gartman, and Patton. The "H" Club consistently gave the opposing pitchers a rough treatment.

In third spot were the Lambda Chis. This team had the best fielders in the league mainly due to Lowery, Merk, Edgar and Flurry. These fellows really kept the Lambda Chis in the ballgame.

The fourth place was a tie between the Preachers and the A P O's, followed by the Sigma Nu's and Pi Kappa Phi's.

There were close games, close plays and some good arguments that instigated excitement and plenty of interest. The students really demonstrated their appreciation by the way in which they came out to cheer for their favorite team.

A selection of an all star team would create some diverse opinions but a team leading off with Beard playing center field, Stivender at third, Huxeley at second base, Sisson in the clean up spot playing left field, Lovette at right field, Bowlin at first base, Mize behind the plate, Merk at shortstop, and Johnson pitching would represent a team loaded with offensive as well as defensive.

T H E ' ' H ' ' C L U B

After four years of inactivity the "H" Club has been reorganized at Howard. This organization was founded in 1935 and was an active part of the campus life until its disbandment in the spring of 1943 due to the war.

The "H" Club is composed of all the male athletes on the campus who earn a letter in a major sport and merit the approval of the general body. At the time of disbandment the club numbered approximately 35 members. Those members who were active at the time of disbandment and have returned to their respective activity are, Buddy Payne, Earl Gartman, Deric Edgar, Horace Peterson, Abe Epsman, Wheeler Flemming, Al Denham, Buddy Weir, John Key, Miles Dean, Howard Sisson and Gordon Golson.

At the present time the only major sports at

Howard are Basketball and Track. Members of this seasons basketball team who were awarded letters and were selected for membership in the "H" Club are Joe Daugherty, James Merk, Frank Wadsworth, Harold Parks, "Pap" Ball, Don Davis, Harold Patton, and Emery Lowry.

Upon reorganizing the "H" Club, the members voted to install a lounge in the gym for the student body as a whole. This lounge will be furnished by the Howard College Women's Auxiliary and will be maintained by the members of the "H" Club. All members of the student body are invited to frequent the lounge.

New officers of the "H" Club are: President, Al Denham; Vice-President, Earl Gartmen; Secretary-Treasurer, Horace Peterson; Recorder, Miles Dean; Custodian, John Key.

Left line, front to back: Joe Daugherty, David Barksdale, James Merk, Marion Payne, Howard Sisson, Horace Paterson, Miles Deal.

Middle line, left to right: Ernest Weir, Deric Edgar, John Key, Abe Epsman.

Right line, front to back: Frank Wadsworth, Red Parks, Granville Myrick, Earl Gartman, Wheeler Flemming, Al Denham, Emery Lowery.

HOWARD'S

Front Row: William Hacker, William Hare, Noble Kontzen, Bill Farrar, Pap Ball, Charles Kerr.
Back Row: Charles Graham, Jack Crouch, Charles Richards, Edward Fullerton, Edward Keller, Porter Lantrip, Jack Carr.

One of the foremost sports returned to Howard this year. It wasn't long after the spring quarter commenced that Coach McCarver announced that anyone interested in track should come by his office. The announcement was met with much enthusiasm. Within a week Berry Field was seen flooded with fellows competing for the track team. Practices were held in morning and afternoons. After everyone was in fairly good condition Coach McCarver got down to serious business. The sprinters were shown how to break away, the milers were instructed to pace, the hurdlers were learning the grace and timing to clear each hurdle with the maximum speed, the broad jumpers, the high jumpers, and the pole vaulters were practicing arduously to increase their efficiency in their respective fields.

Coach McCarver had a tough assignment. He

had no returning stars. The few fellows that had track experience in high school had been away from the cinders for several years. Due to capable coaching and zealous practice Howard's track team competed against such powerful teams as the University of Alabama, Auburn, Mercer, and University of Mississippi. We didn't break any records but our boys gave an excellent performance in every event.

"Racehorse" Bill Farrar was the outstanding runner. In the 440 race at the University of Alabama meet the "Racehorse" was running last at the end of the first 300 yards, however, in the stretch Bill put on the steam to lose first place honors in a photo finish. Bill won the 440 yard dash at Mercer, Auburn and Mississippi. Also to Bill's credit goes top place in the 220 yard dash at Mercer, and Mississippi.

TRACK TEAM

Front Row: Jessie Meeks, Melvin Henry, Kendall Nettles, James Wideman, Roy Graves, George Murphy.
Back Row: Joe Tucker, James Wyatt, Harold Knight, Jack Walden, Donald Beard.

The "Racehorse" was the anchor man on the relay team. The relay team was victorious in the Mercer and Mississippi meets.

Ed Fullington was the best in the hurdlers. Ed captured the low and high hurdles and the pole vaulting at Mercer. At the Alabama and Mississippi meets Ed won second place in the hurdles.

Bill Hacker's speciality was the 440 relay team. Bill was one of main reasons why Howard won against Mercer and Mississippi.

Henry Nettles was the dash star. Henry can really "put them up and bring them down". He won the 100 yard dashes at Mercer and Mississippi.

Fritz Wedner was the team's high jumper. Fritz placed in every meet; winning first place at the University of Alabama and at Mississippi, second at Mercer, and third at Auburn.

Jack Crouch is a fellow who runs all day without getting fatigued. He ran second in the two mile events at Mercer and Mississippi, and he came in third at the University.

Jessie Meeks competed in the low hurdles, pole vaulting, 440 yard dash and was a member of the relay team. He came in second at Mercer in the low hurdles. Jessie was third in pole vaulting at Mercer.

Charles Flurry was a member of the relay team and he also ran in the 440 yard dash. With this year's experience under his belt Charles will be a real threat for Howard's opponents next year.

With all of this year's lettermen returning, Howard will be a menace to the opponents next year. Bill Farrar was elected to captain of next year's team.

INT

When the fall quarter rolled around and it was learned that Howard would not field a football team for 1946, all attention was turned to intramural touch football. A league was formed of seven teams from the various organizations on the campus. These teams were: SIGMA NU, LAMBDA CHI, PI KAPPA ALPHA, MU ALPHA NU, VET BARRACKS, ALPHA PHI OMEGA, and PREACHERS. An intermural council was formed consisting of one member from each team and the rules and regulations were drawn up.

The competition between these teams was very keen and from the first to the last game they were packed with excitement galore. With the end of the league play, the MU ALPHA NU team was found to be the winners. They ended the season with four wins, no losses and two ties. It was decided that the champs from Howard should play the champs from Southern. This game, played on BERRY FIELD, proved to be the best game of the year. When the final whistle blew the score showed another win for the boys from Howard.

RAMURAL FOOTBALL

Each team had its share of stars but the sports staff decided that three men from MU ALPA NU, two men from SIGMA NU, and one man each from LAMBDA CHI, PI KAPPA ALPHA, VET BARRACKS, and A.P.O. should go to make up the all star team. Only the PREACHERS failed to place a man on the team. Sharpe and Bowlin were given the nod at the end positions over a strong field. Both of these men played bang up games both offensively and defensively in every game and played a large part in each of their team's victories. Patton, Craven and Meshad waged a hot battle for tackle positions with Patton and Craven getting the nod. "Hooks" Pratt was a unanimous choice for the Center position. He led the league in both pass completions and pass interceptions. Chitwood, Van Dyke, Armstrong, and Stivender make up the backfield. These men played major parts in all of their teams games.

INTRAMURAL

Girls'

Off to a bang this past season of basketball were the girl squads of old Howard. The various teams over the campus put up a harder scrap for the championship than we have seen in the past few years.

Coming out on top this season were those fast stepping Phi Mu's, who for the past several years have shown much athletic ability among their ranks. Each year in the past, at least for the last three, the Phi Mu's have gone all the way as a winning team, only to give way in the final games to a recent, but not forgotten, Sensation team who was headed by that brilliant "Angel of Mercy", Linda Lee. In there playing to the last whistle was the Renfroe girls, who always give everybody plenty of trouble.

At this point we could say that Renfroe Hall showed equal ability as the champs but lost out by one point in the championship play-off.

Others who came out this season with good teams were the Delta Zeta's and Town Girls, both finishing as average teams but nevertheless, fighting hard to the finish.

As far as individual playing was concerned this season, we give way solely to Allene Still, the leagues most outstanding basketball shot. Along with Still in the way of naming an All-Star cast, we would wager that it goes this way: June Baggett, Town Girls; Joyce Baker, Phi Mu; Tommie Reinhardt, Phi Mu; Georgeanne Jacobs, Alpha Delta Pi; Dot Dodd, Delta Zeta; Dot Clark, Phi Mu; Carol Pickens, Renfroe; Vivien Moore, Delta Zeta; Martha Ann Ingram, Beta Sigma Omicron; Miriam Durham, Town Girls; Betty Moore, Delta Zeta.

And so goes the Girl's Intramurals for this year. Next season we predict ever better teams than this as experience is the greatest asset.

MEN'S CAGE

Intramural basketball season was highlighted by the spirit and keen competition among the teams of the league. The caliber of playing was tops. Each team had an assortment of able and experienced basketball players.

The Pi Kappa Alphas went through the season undefeated. The Pikes were played extremely close games by A.P.O., Lambda Chi and Sigma Nu. Led by Tucker and Stivender, the Pikes clearly demonstrated that they were the foremost team in the league.

The A.P.O.'s were just a step behind the Pikes. They lost only one game, and that to the league champs. Strickland and Rains were the stars on that star-studded five.

Lambda Chi and Sigma Nu ended the season tied for third place. In the play-off, the Lambda Chi's won. Baker and Reid were the best for the Lambda Chi's, while Gwin and Borland were tops for the Sigma Nu's.

The other teams furnished tough competition. Mu Alpha Nu came in fifth, followed by the Preachers, Vet's Barracks, and Pharmacy.

In a preliminary game at the city auditorium, the Howard intramural champs, Pi K A, met the Kappa Alphas from Southern, and defeated them in an overtime period by the score of 32-28.

OUR LIBRARY

Howard's library is truly the heart of our College. Its work and influence is not for the betterment of any one department on the campus, but for every department of instruction.

The history of the library dates back to 1843, when Dr. Samuel T. Sherman, first president of Howard, took a wheelbarrow and went out in search of donations of books—which formed the nucleus of a library. Today, our library comprises over 35,000 books, 10,000 government publications, 2,000 nuclear books, 400 periodicals (currently received) and a

collection of phonograph records.

The Monthly NEWS LETTER to the faculty and students makes it possible to keep a list of all books that are added to the library. The Student Library Handbook, compiled by the librarian, is a distinct service to all Freshmen.

The library is a fast growing organization—in size, personnel, and services rendered. Any student who does not take advantage of the genial and generous services of the Staff is missing an opportunity to learn to use the tools of his trade—books.

INTER-FRATERNITY DANCE

The Inter-Fraternity Council was host in the fall at the annual dance which took place at the Pickwick Club.

The dance was led by Miss Florence Kirby, escorted by Charles Dowdy, retiring president of the council and Miss Billye Walker, with Theo Massey, newly elected president.

Large replicas of each fraternity's pin carried out the decoration theme of the dance. Each fraternity was given recognition dances with DeWitt Shaw and his orchestra playing the fraternity songs. Everyone praised the Inter-Fraternity council for such a wonderful dance. This council's membership is composed of the president and one representative of Pi Kappa Alpha, Pi Kappa Phi, Lambda Chi Alpha, and Sigma Nu.

On the evening of February 13, the Inter - Fraternity - Sorority Council pre-

sented its annual Valentine Ball at the Highland Park Country Club.

Leading the dance was the council president Miss. Polly Covington, escorted by George Sharp. Other council members and their dates appeared in the leadout.

Large Valentine hearts with the names of the sororities and fraternities represented in the council decorated the ballroom. A leadout in the form of a Valentine highlighted the decorative scheme.

Everyone enjoyed dancing to the music of Fess Watley and his orchestra as well as listening to the special arrangements of such currently popular numbers as "Open the Door Richard".

These two dances were definite highlights of the year to some Howard students and will continue to highlight the years to come, thanks to the Inter-Fraternity and Inter-Sorority Councils.

DR. GEORGE V. IRONS

To say a person is looked upon with high esteem by those with whom he is in daily contact would be my finest compliment. And that is the phrase I would attribute to Dr. George Irons for he is one of the few persons of whom I have heard naught but praise and I have worked with him.

It was not his very pleasing personality alone which caused Dr. Irons to have his present position at Howard as Chairman of the Committee of Advisors to the Veterans. He is well qualified for the position. As proof of my last statement (and for the information of many interested friends), I present a transcript of Dr. Irons' activities from the time he left Howard in the Spring of 1941 until his return in the Fall of 1945.

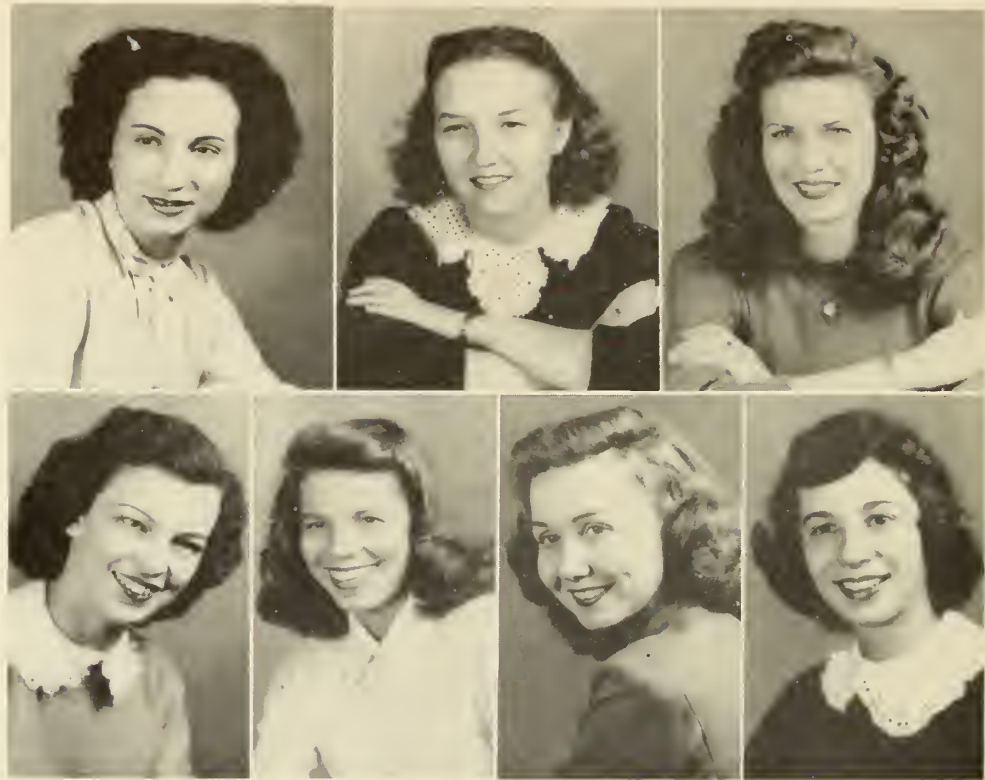

His first stop in the Army was at the Anti-Aircraft Training Center at Camp Davis, N. C. He later went into the Department of Training Publications where he became the author of sev-

eral field manuals on atomic weapons and searchlights. In 1943 he was detailed to Battalion Commander of Searchlights Battalion at Fort Bliss, Texas. From there he had assignments at New York City and in New Jersey. After returning to Camp Davis for a period of a few months, he was reassigned as Chief of Reconditioning at Tilton General Hospital, Fort Dix, N. J. This assignment consisted of conducting a comprehensive rehabilitation program for wounded veterans returned from overseas. He held this position until his separation in August 1945.

How Dr. Irons happened to have the title of "Major" tagged on him is quite a mystery because his official rank in the Army was that of Lieutenant Colonel. But whatever we call him—Major, Colonel, or Doctor Irons—we contend with our collegiate cheer—"He's hard to beat".

It never rains on the day that Hypatia taps its new members from the steps of Main. This organization is the highest honor society for girls on the campus. Having as its four points upon which membership is based, Hypatia recognizes character, scholarship, leadership and promise of future service in the girls they select.

Each spring the members of the Junior Class are individually considered in order that those girls who have the qualifications for Hypatia may receive the recognition. Dean Burns always opens Hypatia services with a history of the organization before both active and alumnae members select those who have been recognized to wear the corsage of yellow roses.

Hypatia was organized secretly in 1924 on Howard's campus. Since that time it has graced its roll with students who have gone far and wide, each making a good name for herself and proving that she truly has the qualities Hypatia recognizes.

Having been founded on Howard's campus May 17, 1931, Trident still is the highest honor society on the campus for men. This year five boys received that distinction. The honors are conferred each spring before a packed auditorium. The feeling of suspense and wondering who will be tapped can be felt from the minute the ceremony starts.

The requirements for selection into Trident are similar to those of Phi Beta Kappa. Those members of the Junior Class who have maintained a consistently high scholastic record, have been outstanding in extra-curricular activities, and bear the endorsement of the student body and the faculty are considered in selecting Trident's members. Those selected must be endorsed by the faculty as to ability, character, and potentiality for future service before they receive the honor.

WHO'S WHO *Among Students in* *American Universities and Colleges*

Once a year some students are recognized as having the qualities required to be included in Who's Who Among Students in American Universities and Colleges. Eligibility is based on scholarship, character, leadership, and promise of future usefulness to society.

Its yearly publication containing a biography of

those elected to this honor comes out each spring. This year's book includes the names of fifteen Howard students.

One of the outstanding features of this organization is the placement bureau through which members may receive valuable recommendations to the business world.

A national service fraternity, A.P.O. was founded at Howard in 1940. Through this organization grown-up Boy Scouts are given the chance to continue their good deeds. As one of the most worthwhile groups on the campus, its service efforts are tangible. These efforts include the editing of the Student Directory, installation of pencil sharpeners and waste baskets, and supervision for various civic enterprises. Operation of the

post office this year has been turned over to the college by the members.

A highly delightful service of the club is one rendered to itself in the form of an annual banquet.

Although still a youthful organization its usefulness increases with age and Howard may look not without pride to its Gamma Chi Chapter.

Presenting itself as an organization of Methodist Young People on Howard's Campus, the Wesley Foundation plays an important part. It's position is to unite the people of that religion sect and to develop an understanding of Christian ideals.

The main purpose of this organization for the past year has been a study of the different religions of the world and the principles that they exhibit. This study is to be enlarged in the future by more extensive work in this field.

Social functions also are predominate features of this organization for the relaxing and enjoyment of Howard's students.

We of the Wesley Foundation would here like to give special recognition to Mrs. J. E. Murphree, who as our advisor has done such splendid work to create a Wesley Foundation for the Methodists of Howard College.

To the future we hope that the Wesley Foundation will expand and grow to be more active and beneficial to all people who are interested.

Pi Gamma Mu is a national honorary fraternity, Howard having the Alabama Gamma Chapter established in 1928. Through medium of this organization students strive to attain a scientific approach to study of human problems; through study of economics, history, political science, and sociology, endeavor to find a solution for these problems.

The purpose of this organization is to encourage young men and women in the scientific study of all social problems and of promoting cooperation between the several branches of social science.

ASSOCIATION . . .

It can truthfully be said that the Ministerial Association is one of the most active groups on the campus. Meeting on Thursday evening, the Association fosters a good spirit among the brethren, sponsors different speakers and promotes worthy causes. Its membership automatically includes every student preparing for the Ministry and all Ministers employed by the college.

The purpose of the Association is to promote fellowship among the members; to provide information of practical value to its members; to aid in promoting the spiritual life on the campus; and to aid in securing places of service for its Ministers.

Under its sponsorship are Morning Watch, Vespers, and Dormitory Services. They recently cleared the Amphitheater behind Riley Hall for these valuable services.

One of the most inspirational of the Association's undertakings is the operation of a Prayer Room, located in the Student Activity Building and to which students may go at any time for a quiet devotional period.

As a result of such services, the Ministerial Association spreads a Christian influence over the entire campus.

Paper and Clip is one of the newer organizations on the campus, having been organized by Mr. Rothermel last year. Those students interested in Journalism felt that some organization should be installed on the campus for the purpose of recognizing and furthering the journalistic ability of students.

The charter bears the names of Joe McDow, Elizabeth Clark, David Foster, Bettysu Brittain, Nell Rae Sample, Mary Evelyn Israel, Iva Jewel Burton, Hoyt Barron, and Carolyn Fendley as its founders. Each year new members are selected from those who have proved through their work that they are interested in Journalism. An important function of this group is the writing of news items for the Birmingham papers.

This organization was founded at the University of Alabama and Howard is proud that the Alabama Beta Chapter was established here in 1928. Alpha Epsilon Delta is an honorary Pre-Medical Fraternity serving to bridge the gap between the Pre-Medical training and Medical School. It serves to keep members up to date on latest medical developments.

During the war years AED activities were at an ebb, but with the return of students to the campus this year, the organization is once again functioning at almost normal pace. The motto "Truth I Persue" is a source of inspiration, not only to those planning to become "Men in White" but to those interested in any branch of the Medical Profession.

This year members of AED held an open meeting with Dr. Charles Howe speaking on the RH factor in blood.

CHI . . .

Mu Alpha Chi is Howard's honorary music fraternity. It was organized October 9, 1945 with Rex Dickey presiding. Other charter members of the fraternity are Mary Vesta Barnard, Loretta Rosebrough, Iva Nelle Hurt, Hugh Morris, Marion Bowden, and Louis Ferguson.

Meeting semi-monthly they have had outstanding musicians of Birmingham as guests on programs at their meetings.

This organization seeks to present to the students musical programs that will be of interest to all. During the year Mu Alpha Chi has constantly seen its aim fulfilled through concerts and chapel programs.

During the fall quarter a Talent Show was presented in chapel by students and members of Mu Alpha Chi. Even before the praises of this event had subsided, these music enthusiasts announced their plans for two concerts to be presented in the spring.

On the evening of May 13, Mu Alph Chi presented Edna Horn in concert. Miss Horn, a native of Alabama, had recently returned from Juilliard School of Music in New York where she studies with many "greats" in music. Her selections from the classical repertoire included a popular group of Chopin numbers, and advanced into the modern school.

Students and faculty members praised Virginia Murphree when she presented a program in chapel. Having studied with Mrs. Vail, a member of our faculty, Miss Murphree's ability was recognized by those attending her program.

Though only in its second year Mu Alpha Chi has functioned smoothly and the future looks bright. Those students who are interested in music and who show their interest to be more than that of the ordinary spectator or a luke-warm participant are selected for membership.

FANNYE GRAMMAS.....*President*
 MARGUERITE FROST.....*Vice-President*
 GERRY CHURCHWELL.....*Secretary and Treasurer*

The Dietetics Club is composed of members selected from the Dietetics Department who have shown an interest in dietetics, foods, and nutrition over and above what is required of them.

Having acquired the building adjoining the Co-op this year, our future dietitians have all the privacy needed in testing their abilities. Special attention is also given to courses in the table service and meal planning.

This club was organized for the purpose of furthering the interest of students in dramatic art, and to produce plays for the enjoyment of the student body.

Since its beginning in 1933, it has gained an indispensable place among the organizations of the campus. It is not necessary to have the talent of Burnhardt or Barrymore to become a member of Masquers, for the prerequisites of membership include ability as a playwright, actor, director, or

just plain work backstage. A minimum number of points accumulated from any of these activities plus the endorsement of the members admit a student to the organization.

If being a Masquer interests you, but facing an audience across the footlights is frightening, remember that many a good Masquer never felt grease paint on his face nor saw his name in the cast of characters.

An organization with a purpose may well describe the largest honorary group on the campus formally recognized as Tile and Mortar. Affectionately known on the campus as "Pill-Pushers" or "Pill Rollers", its members will be found actively participating in all activities at Howard.

Meetings are held in which the students of Pharmacy may become acquainted with persons and practices important in their chosen field.

Tile and Mortar also acts as a central force in unifying the Pharmacy majors.

Although outstanding for its cooperative spirit, Tile and Mortar is also well known for its initiation ceremonies and its popular social gatherings.

Under the skillful guidance of Dr. Leon Richards, Tile and Mortar has had a successful past and will continue to grow as an outstanding organization at Howard College.

One of the most contributive organizations to the social and religious activities at Howard is the Baptist Student Union. Open to every Baptist on the campus, its members belong to many other campus organizations.

The main aim of the B.S.U. is to uphold the ideal of brotherhood and Christian happiness on our campus. It serves as a link between college life and religious life.

An important service rendered by the B.S.U. is the sponsorship of Religious Focus Week which is an event beneficial to all students on the campus. During this week outstanding speakers and Bap-

tist workers visit the campus giving informal talks in each classroom. Services are held everyday in chapel to capacity crowds and every evening classes and services are held in Main under the guidance of these capable leaders.

The B.S.U. annual banquet at Ruhama Church is one of the main events in the social calendar of the year. With Neil Shepard as President the organization has had one of its most successful years and the two councils of B.S.U. have served to unite its efforts with those of the entire student body.

MISSION BAND

OFFICERS

HENRY NETTLES	<i>President</i>
FRED CHESTNUT	<i>Vice-President</i>
MARGARET BROWNING	<i>Secretary</i>
GERRY MITCHELL	<i>Treasurer</i>

The work of the Mission Band is that which the name implies. The group is a friendship circle and all students who are interested in the mission field of Christian work are welcomed. Besides having an interest in foreign mission, the Mission Band is supporting and working in various missions around Birmingham.

Mission Band does not have the usual organizational set-up, but functions smoothly and efficiently on a volunteer basis.

KAPPA PHI KAPPA

OFFICERS

E. C. GLENN	<i>President</i>
ERNEST MICKLER	<i>Vice-President</i>
DONN E. HILL	<i>Secretary and Treasurer</i>

Kappa Phi Kappa is a professional education fraternity confining its activity to institutions with well developed departments of education. It admits to membership persons belonging to the undergraduate Greek-letter fraternities, and does not bar its members from belonging to honorary or graduate organizations. Membership is limited to male students who are taking, or have taken, courses in the Department of Education, and includes graduate students and faculty members.

Kappa Phi Kappa was incorporated in 1922 under the laws of New Hampshire. The incorporation of the national body preceded the organization of local chapters, a situation unique among fraternities

Seeking to promote fellowship among all women students, the Y.W.C.A. sponsors service activities as well as taking part in numerous benefit campaigns. Though this organization is interdenominational, its efforts in bringing about a closer understanding among the women students on the campus has been recognized by all. Y.W.C.A. proudly boasts that its purpose is to develop the "Fourfold Life", meaning physical, mental, social, and spiritual development.

Having reorganized this year after a period on inactivity Y.W.C.A. has regained its previous outstanding recognition on the campus with Virginia Skipper as president. The Y.W.C.A. cabinet plans and executes the organizations activities.

IN APPRECIATION

SEYMOUR WILKES
Editor
1947 ENTRE NOUS

It is with a sigh of relief and some regret that the close of this book has come. Being editor of the *Entre Nous* has meant more to me than I can express on one page. At some time during the year, I had the pleasure of working with every student and wish to thank them personally for their wonderful spirit of cooperation. Without students there could be no yearbook, for each *Entre Nous* is truly an accounting of students and their activities during the year. We have tried to put down for posterity the highlights of this college year. I hope we have fulfilled that purpose.

Editing this annual has given me the opportunity of meeting more students than I would have ordinarily. Many of these newly made acquaintances have become close associates of mine, and if I had gained nothing more from this experience, then knowing these people as I do would have fully sufficed for my work.

I would like to take this opportunity to express my deepest appreciation to Mr. Bob Faerber of the Alabama Engraving Company for his wonderful

cooperation and his many hours of work on this book. He has been grand to work with and truly much of this publication is his. I would also like to thank Mr. Orville Lawson of the Birmingham Printing Company, first for his patience, also for his advice on this years annual. Credit is also due Mr. Bob Bremson and Mary Derzis for the splendid photographs and services they gave.

To my assistant editor, Rai Carpenter, I could never express enough thanks and appreciation for all the time she has devoted to this year-book. Her constant willingness to work, her dependability and her helpful advice will always be remembered. Also my appreciation goes to Martha Nell Stuart, Mary Burns, Joyce Griffin, Ansel Sharp, Neil Carter, Betty Ann Johnsey, and others of the staff who have worked faithfully. Without the help of Mr. Joe Overton, Murrell Johnson and David Thompson, all the student activity pictures in this book would not have been possible.

These are the people who put out your 1947 *Entre Nous*. If you like it, tell them you do, for to them the credit is due.
